## About the programs

These programs are instructed by Fairmont Hockey coaches and players.

Learn to Skate provides a fun way for boys and girls of all ages to learn the fundamentals of ice skating.

Learn to Play Hockey is a great way for boys and girls of 3-12 to start and develop their hockey playing skills. It is really important for Learn to Play Hockey that participants have basic skating skills.

\*If your child has never skated or has skated few times, we recommend signing up for Learn to Skate. Once they are on the ice, they show confidence and are comfortable, we can switch them to Learn to Play Hockey if the parent prefers.
